## LIQUOR CAR IS WRECKED; ONE MAN IS NEAR DEATH

Second Alleged Bootlegger Is Lodged in Jail at Fredericksburg.

**OFFICER SEIZES MUCH LIQUOR**  
A big automobile found to contain 200 quarts and pint bottles of whiskey, one of which was captured from Philadelphia.

(Special to The Times-Dispatch.)  
FREDERICKSBURG, VA., Nov. 2.—As a result of the wreck of an automobile loaded with whiskey, one alleged bootlegger is in the Mary Washington Hospital here mortally injured, and another is in a cell at police headquarters.

Locked in the adjoining cell are approximately 350 quarts and pint bottles of Sherwood bottled in bond whiskey. From papers found on the car, the police believe that the name of the injured man is Jake Cohen and the other is Leola Balken, both of Philadelphia.

A woman and little girl, said to be the wife and daughter of Cohen, were also in the machine at the time of the accident.

**Draws Gun on Man.**  
City Sergeant J. C. Chichester, receiving word that a large car had run amuck and been wrecked on Fall Hill in Spotsylvania County, near this city, he drove to the scene and found one of the men, believed to be Balken, busily engaged in removing suitcases loaded with liquor from the overturned machine to the road.

Cohen, his wife and child, were standing near the touring car, which was being driven by Balken, who had been ordered to stop by Chichester. Balken drew a gun on the sergeant, who was on Fall Hill, and turned completely over.

The motor of the car stalled on a steep incline, and the brakes were unable to hold the machine. Balken, who was driving, was heavily loaded with contraband liquor. It plunged over the bank with the cargo of whiskey and human lives. Cohen, who was driving, was the only person injured. He was caught beneath the steering wheel and badly mangled.

Chichester brought the four occupants to Fredericksburg, placing Balken in jail and Cohen in the Mary Washington Hospital.

**Woman and Girl Uninjured.**  
Mrs. Cohen and daughter were detained by the sergeant, but were allowed to leave. Sergeant Chichester secured the assistance of other police officers and removed the whiskey from the wreck to a cell at police headquarters.

The liquor was stored in about fifteen suitcases and a number of cardboard cartons, and was packed in every available crevice in the large car. It is in quart and pint sizes. The men are well dressed and have several hundred dollars with them. The car, which was badly wrecked, was brought to this city and stored in a garage. The men will be charged with the transportation of "rent spirits."

NORFOLK, VA., Nov. 2.—A corn-liquor still with an eighty-gallon capacity, and 420 gallons of mash, within 300 feet of the South Norfolk Police Station, were seized by the police yesterday afternoon. Herbert Blair, one of the alleged operators, who jumped from the second story of the building in which the still was located, fell upon a screen door and was badly injured. His arm and leg were broken and his hip was also fractured. It is also believed he is internally injured. He was sent to St. Vincent's Hospital, after having been given first aid by Dr. L. C. The still, one made of a government copper coffee urn with gasoline burners for condensing the mash vapor, was in full operation with two gallons of pure corn freshly run when it was found. The still was located in the Enslay Market Building, Liberty Street, Norfolk. It had been in operation a second man, said to be a partner, also jumped from the second story and made his escape. ## WHITE G. O. P. MOVES TO BAPTIST WOMEN MEET

DUST NEGRO JUDGES IN GREAT CONVENTION

Applies for Mandamus Against Charlottesville Electoral Board.

**CLAIMS MEN NOT REPUBLICANS**  
"All-White" Element Declares Its Organization Entitled Under Law to Representation Accorded Negro Party by Election Authorities.

(Special to The Times-Dispatch.)  
CHARLOTTESVILLE, VA., Nov. 2.—The local white Republican element has taken the expected action of endeavoring to force the electoral board of the city to name only white electors to the polls next Tuesday. November 8, by serving notice of an application for a mandamus from the Corporation Court to compel the board to reconvene and appoint as judges of election in the Second and Third Wards men who are now affiliated with the Republican party of Virginia.

The notice asks that an order be entered in the proceedings prohibiting the charge is made that Inge and Cole, colored, from acting as judges of election in the Second and Third Wards.

The charge is made that Inge and Cole are not affiliated with the Republican party of Virginia which cast the next highest number of votes in the general election of 1920, but belong to the negro party, organized in the city of Richmond in the spring of 1920, and which has no connection with the Republican party of Virginia or with the national organization of that party.

The contention is made that the Republican party of Virginia, of which Joseph L. Crupper is chairman, cast the next highest number of votes in the last general election, and after stating that all the candidates at the said preceding election were of that party, charges that the denial to the said Republican party of a judge in the Second and Third Wards of this city is a mere subterfuge adopted for the purpose of depriving said party of the representation to which it is entitled in the election to be held next Tuesday.

The notice is signed by R. N. Flanagan, chairman of the Henry W. Anderson Independent Club of Charlottesville, and Duncan Curry, of Harrisonburg, and Claude E. Yarnall, of this city, are designated as counsel in the proceedings.

## AVERAGE DANVILLE PRICE ON TOBACCO IS \$25.72

October Sales Total 3,453,376 Pounds—Adverse Weather Conditions Cause Drop.

(Special to The Times-Dispatch.)  
DANVILLE, VA., Nov. 2.—Statistics made public by the Danville Tobacco Association today show that slightly under 3,500,000 pounds of tobacco were sold here during October, and that since the present season started the Danville market has sold 3,453,376 pounds of leaf for \$1,020,393.63, the average being \$25.72. The actual figures for October are 3,453,376 pounds for \$87,483.36, the average being \$25.35. Compared with the figures of October a year ago, this shows a material falling off, the tobacco marketed during that month in 1920 being over 5,000,000 pounds. The reasons for the decrease is adverse weather conditions, a late maturing crop and a lack of rain to make "seasons." The rain since Sunday has afforded the growers the first good opportunity to strip their tobacco, and this afternoon wagons and motor trucks were beginning to arrive in large numbers, indicating heavy sales for the rest of the week.

**Hellin to Speak in Danville.**

DANVILLE, VA., Nov. 2.—The unusual heavy rain in this section brought Dan River up 6 feet and travelers coming from Richmond reported the lowlands flooded. Debris washed down-stream interfered today with local water power plants and the city pumping station could deliver its normal yield in the reservoir owing to the intake becoming clogged with leaves.

## INDICT FREDERICK MAN ON CHARGE OF FORGERY

Ernest Stottler Accused of Unauthorized Use of Names of Relatives and Friends.

(Special to The Times-Dispatch.)  
WINCHESTER, VA., Nov. 2.—Charged in a warrant for forging the signatures of several relatives and friends to negotiable notes to the extent of \$2,000 or more, Ernest Stottler, of Frederick County, was today held for the grand jury on the complaint of a local national bank. Another national bank, it was understood, would join in prosecuting the case.

The warrant was issued last March, and Sheriff Pannett several days ago sent into possession of information that Stottler was living at Hagerstown, Md., under the name of Ernest Troutman. Stationing himself in the lobby of the Hagerstown post-office, the sheriff waited several hours, and

when Stottler applied for mail at the general delivery window Pannett placed him under arrest. He made no resistance, saying he thought he knew what the sheriff wanted with him.
